Pasadena, CA 91101-4710  
April 6, 2009

DECLARATION UNDER 37 C.F.R. SECTION 132  
BY WILLIAM W. SMITH III  
FILED IN SUPPORT OF  
AMENDMENT AND RESPONSE TO OFFICE ACTION  
DATED JANUARY 6, 2009 REGARDING THE ABOVE-IDENTIFIED  
APPLICATION

## BACKGROUND INFORMATION ABOUT THE DECLARANT

1. I, WILLIAM W. SMITH III, am Chief Technology Officer ("CTO") of iShip Inc., a wholly owned subsidiary of United Parcel Service, which is one of the assignees of the above-mentioned application. I have been in the employ of iShip Inc., or one of its predecessor's in interest, since at least 1995, and in the present capacity as Chief Technology Officer since at least 1997.

Application Serial No. 09/820,292  
Declaration by William W. Smith III  
in Support of Amendment and Response  
to Office Action Dated January 6, 2009

2. iShip Inc. is an online provider of a multi-service, multi-carrier, Internet-enabled server-based shipping management system (at, among others, [www.iship.com](http://www.iship.com)) for use by small volume shippers such as small businesses and home offices. The multi-carrier, multi-service, Internet-based shipping management system that iShip Inc. offers provides shipping users ("shippers") with a cross-comparison of shipment rating, service options, delivery schedules and other services by each of the multiple carriers for each of multiple services so that a shipper can compare multiple services offered by the multiple carriers and select one service offered by one of the multiple carriers to ship a parcel. When I first became involved in the development of this particular shipping management system, I worked for Movelt! Software Inc. ("Movelt!"), a company that was founded in 1997; I was one of three founders. Movelt! eventually became iShip.com, Inc., which eventually merged with Stamps.com Inc. and which is currently a wholly owned subsidiary of United Parcel Service ("UPS"). As of the date of this Declaration, iShip Inc. and Stamps.com are joint owners in common of the subject invention.

3. I hold a Master of Science degree, granted in 1988, in Industrial Engineering and Operations Research from Virginia Tech.

4. I am one of the inventors of the present invention disclosed in the above-identified patent application.

**DISCUSSION OF THE UPS REFERENCE CITED BY THE ABOVE-MENTIONED OFFICE ACTION AND INFORMATION ABOUT THAT REFERENCE AVAILABLE THROUGH INTERNET ARCHIVES**

5. I have reviewed the UPS Reference cited by the above-mentioned Office Action. The UPS reference cited by the above-mentioned Office Action is titled

Application Serial No. 09/820,292  
Declaration by William W. Smith III  
in Support of Amendment and Response  
to Office Action Dated January 6, 2009

"UPS: Service Guide." At the bottom of the UPS Reference is a website address reference: <http://web.archive.org/web/19981206043709/ups.com/using/svc-index.html>. That website address also indicates that the reference was obtained through the [www.archive.org](http://www.archive.org) website, also sometimes referred to as the "WayBack Machine Internet Archive."

6. In making this Declaration, I accessed the WayBack Machine Internet Archive at <http://www.archive.org/>. In the "Take Me Back" box on the home page of the WayBack Machine [www.archive.org](http://www.archive.org) website, I entered the address for UPS®, namely, <http://www.ups.com/> and clicked the "Take Me Back" button. After I had clicked the "Take Me Back" button on the WayBack Machine home page, a Search Results page was displayed, entitled "Search Results for Jan 01, 1996 – Sep 28, 2008." On the Search Results page, horizontally across the page, were listed the years 1996-2006, and with scrolling, 2007-2008. There were no entries listed under the year 1996. There were only two entries listed under the year 1997. There were a number of entries listed under the year 1998. And there were many entries listed under each of the remaining years 1999-2008.

7. I clicked the Search Results page entry for the date Dec 05, 1998, which caused the display of what appears to be an archived operational exemplar UPS® Home Page from the UPS® website, the Internet Address of which was reported as: <http://web.archive.org/web/19981205132745/http://ups.com/>, a true and correct copy of which is attached hereto as Exhibit A. The archived operational exemplar UPS® Home Page displayed a number of underlined fields that appeared to be links.

Application Serial No. 09/820,292  
Declaration by William W. Smith III  
in Support of Amendment and Response  
to Office Action Dated January 6, 2009

8. One of the apparent links at the bottom of the archived operational exemplar UPS® Home Page was labeled "Service Guide." Because the first page of the UPS reference cited by the Office Action is titled "Service Guide," I clicked the "Service Guide" link. Doing so caused the display of what appears to be an archived operational exemplar UPS® Service Guide page from the UPS® website, a true and correct copy of which is attached hereto as Exhibit B. The content of the archived operational exemplar UPS® Service Guide page matches the first page of the UPS reference cited by the Office Action and reports the same Internet Address, namely, <http://web.archive.org/web/19981206043709/ups.com/using/svc-index.html>, as the first page of the Office-Action-cited UPS reference.

9. On the UPS® Service Guide page depicted in Exhibit B, I clicked a link for "UPS Next Day Air®." Clicking that link caused the display of what appears to be an archived operational exemplar "UPS Next Day Air®" page from the UPS® website, a true and correct copy of which is attached hereto as Exhibit C. The content of that "UPS Next Day Air®" page depicted in Exhibit C appears to match the "UPS Next Day Air®" page (page 4) of the Office-Action-cited UPS reference and has the same Internet address, namely, <http://web.archive.org/web/19990302081421/ups.com/using/services/domestic/1da-guide.html> as the Office-Action-cited UPS reference "UPS Next Day Air®" page.

10. The "UPS Next Day Air®" page depicted in Exhibit C stated "Use the Quick Cost Calculator to determine shipping rates, availability and delivery times for UPS Next Day Air." The "Quick Cost Calculator" was a link. Clicking the "Quick Cost Calculator" link caused the display of what appears to be an archived operational exemplar "UPS Quick Cost Calculator™" page from the

Application Serial No. 09/820,292  
Declaration by William W. Smith III  
in Support of Amendment and Response  
to Office Action Dated January 6, 2009

UPS® website, a true and correct copy of which is attached hereto as Exhibit D. The Exhibit D "UPS Quick Cost Calculator™" page shows the Internet address <http://web.archive.org/web/19990220223708/ups.com/using/services/rave/rate.html>.

11. The archived operational exemplar "UPS Quick Cost Calculator™" page depicted in Exhibit D indicates a copyright dated "1994-1999" and states "Calculate shipping charges to compare UPS services and published rates for shipments from the U.S. and Puerto Rico to destinations in more than 200 countries and territories around the world. Required fields are shown in **bold**. Rate calculations are based on the detail of information you provide." (Emphasis in original). The archived operational exemplar "UPS Quick Cost Calculator™" page depicted in Exhibit D has an input section titled "ORIGIN" that provides input fields for an Origin Country and Postal Code. The archived operational exemplar "UPS Quick Cost Calculator™" page depicted in Exhibit D has an input section titled "DESTINATION" that provides input fields for Destination Country, City and Postal Code, and that provides a Yes/No indicator for whether the Destination Address is a Residential Address. The archived operational exemplar "UPS Quick Cost Calculator™" page depicted in Exhibit D also has an input section titled "PACKAGE INFORMATION" that provides input fields for a Drop-off/Pickup selection, a Packaging Type, a Package Weight, and Package Dimensions. The archived operational exemplar "UPS Quick Cost Calculator™" page depicted in Exhibit D also provides a "Calculate" button. The archived operational exemplar "UPS Quick Cost Calculator™" page depicted in Exhibit D indicates that shipping charges will be calculated.

12. The archived operational exemplar "UPS Quick Cost Calculator™" page depicted in Exhibit D does not provide any input field for inputting, or for

Application Serial No. 09/820,292  
Declaration by William W. Smith III  
in Support of Amendment and Response  
to Office Action Dated January 6, 2009

otherwise identifying, a shipping date. The archived operational exemplar "UPS Quick Cost Calculator™" page depicted in Exhibit D does not indicate that any delivery date or dates, or delivery time or times, would be determined in connection with the calculation of shipping charges.

13. In the input fields on the archived operational exemplar "UPS Quick Cost Calculator™" page depicted in Exhibit D, I entered an origin postal code, a destination postal code, an indication that the destination was not a residence, a selection for Drop-Off/Pickup as Drop-Box Letter Center, a selection of Package Type as UPS Letter Envelope, and a weight of 1 pound. I then clicked the "Calculate" button. Clicking the "Calculate" button caused the display of a WayBack Machine page titled "Not in Archive," reporting an Internet address <http://web.archive.org/web/19990220223708/qcost.cgi>, a true and correct copy of which is attached hereto as Exhibit E.

14. Using the Internet "Back" button, I navigated back to the archived operational exemplar UPS® Service Guide page depicted in Exhibit B. On the UPS® Service Guide page depicted in Exhibit B, I clicked the "UPS Next Day Air Early A.M.<sup>SM</sup>" link which caused the display what appears to be an archived operational exemplar "UPS Next Day Air Early A.M.®" page from the UPS® website, a true and correct copy of which is attached hereto as Exhibit F. The content of the "UPS Next Day Air Early A.M.®" page appears to match the "UPS Next Day Air Early A.M.®" page (pages 2-3) of the Office Action-cited UPS reference and has the same Internet address, namely, <http://web.archive.org/web/19981206153933/ups.com/using/services/domestic/eam-guide.html> as the Office Action-cited UPS reference "UPS Next Day Air Early A.M.®" page.

Application Serial No. 09/820,292  
Declaration by William W. Smith III  
in Support of Amendment and Response  
to Office Action Dated January 6, 2009

15. The "UPS Next Day Air Early A.M.®" page depicted in Exhibit F stated "Use the Quick Cost Calculator to determine shipping rates, availability and delivery times for UPS Next Day Air Early A.M." The "Quick Cost Calculator" was a link. Clicking the "Quick Cost Calculator" link on the "UPS Next Day Air Early A.M.®" page depicted in Exhibit F caused the display of what appears to be an archived operational exemplar "Quick Cost Calculator™" page from the UPS® website, a true and correct copy of which is attached hereto as Exhibit G. The Exhibit G "Quick Cost Calculator™" page shows the Internet address <http://web.archive.org/web/19981203124546/ups.com/using/services/rave/rate.html>.

16. The archived operational exemplar "Quick Cost Calculator™" page depicted in Exhibit G indicates a copyright dated "1994-1998" and states "Please complete the form below to calculate charges for shipments from the continental U.S. to destinations throughout the U.S. and around the world." The archived operational exemplar "Quick Cost Calculator™" page depicted in Exhibit G has an input section titled "Origin" that provides input fields for an Origin Country and Postal Code. The archived operational exemplar "Quick Cost Calculator™" page depicted in Exhibit G has an input section titled "Destination" that provides input fields for Destination Country, City and Postal Code. The archived operational exemplar "Quick Cost Calculator™" page depicted in Exhibit G also has an input section titled "Shipment Information" that provides a drop-down-menu input field for a "UPS Service" that shows "Next Day Air Early AM as the selected UPS® Service. The archived operational exemplar "Quick Cost Calculator™" page depicted in Exhibit G also has a number of indicators for a "Shipment Method" selection. The archived operational exemplar "Quick Cost Calculator™" page depicted in Exhibit G also has input fields for a Package Weight, and Package Dimensions. The archived operational exemplar "Quick Cost Calculator™" page

Application Serial No. 09/820,292  
Declaration by William W. Smith III  
in Support of Amendment and Response  
to Office Action Dated January 6, 2009

depicted in Exhibit G also has various indicators for "Confirmation Options" and for "Optional Services." The archived operational exemplar "UPS Quick Cost Calculator™" page depicted in Exhibit G also provides a "Calculate Cost" button. The archived operational exemplar "Quick Cost Calculator™" page depicted in Exhibit G indicates that shipping charges will be calculated for the particular UPS Service selected.

17. The archived operational exemplar "Quick Cost Calculator™" page depicted in Exhibit G does not provide any input field for inputting, or for otherwise identifying, a shipping date. The archived operational exemplar "Quick Cost Calculator™" page depicted in Exhibit G does not indicate that any delivery date or dates, or delivery time or times, would be determined in connection with the calculation of shipping charges.

18. I note that the earliest provisional application to which the above-identified patent application claims priority is March 28, 2000. I therefore repeated the above-described processes, clicking on the Search Results page entry for the date Mar 04, 2000, which appeared to be the Search Results entry with the nearest prior date to the March 28, 2000 priority date of the above-referenced application. Doing so caused the display of what appeared to be an archived operational exemplar of a UPS Home Page from the UPS® website with an Internet address <http://web.archive.org/web/20000304153925/http://ups.com/>, and with a copyright notice dated 1994-2000, a true and correct copy of which is attached hereto as Exhibit H.

19. As with the previously-mentioned UPS Home Page depicted in Exhibit A, I clicked on the "Service Guide" Link on the UPS Home Page depicted in Exhibit H, and from the resulting "UPS Service Guide" page (with an Internet Address

Application Serial No. 09/820,292  
 Declaration by William W. Smith III  
 in Support of Amendment and Response  
 to Office Action Dated January 6, 2009

<http://web.archive.org/web/20000301055133/ups.com/using/svc-index.html>, a true and correct copy of which is attached hereto as Exhibit I), clicked the "UPS Next Day Air" Link (with an Internet Address <http://web.archive.org/web/20000304025129/ups.com/using/services/domestic/1da-guide.html>, a true and correct copy of which is attached hereto as Exhibit J). From the "UPS Next Day Air" page depicted in Exhibit J, I clicked the "Quick Cost Calculator" Link, which caused the display of a "UPS Quick Cost Calculator™" page, a true and correct copy of which is attached hereto as Exhibit K, which shows a copyright notice dated 1994-2000, and which shows the Internet Address: <http://web.archive.org/web/20000229184425/ups.com/using/services/rave/rate.html>.

20. In all substantive respects with regard to input fields, the absence of any input fields for a shipping date, and the absence of any indication that any delivery date(s) or time(s) would be determined in connection with the calculation of shipping charges, the "UPS Quick Cost Calculator™" page depicted in D matches the "UPS Quick Cost Calculator™" page depicted in Exhibit K.

21. To the best of my recollection, the absence of any input fields for a shipping date, and the absence of any indication that any delivery date(s) or time(s) would be determined with respect to shipping rates, from the "UPS Quick Cost Calculator™" pages depicted in Exhibits D and K and the "Quick Cost Calculator" page depicted in Exhibit G, are an accurate reflection of the operation of the UPS website during the periods of time for the "[UPS] Quick Cost Calculator" pages depicted in Exhibits D, G. and K (based on their respective copyright dates of 1994-1999, 1994-1998 and 1994-2000).

Application Serial No. 09/820,292  
Declaration by William W. Smith III  
in Support of Amendment and Response  
to Office Action Dated January 6, 2009

22. I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that the statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001, Title 18 of United States Code and that such willful false statements may jeopardize the validity of the application or any corresponding U.S. patent.

☐ UPS Next Day Air

**Put it in their hands tomorrow.**

UPS Next Day Air features fast, reliable delivery to every address in all 50 states and Puerto Rico. We guarantee delivery by 10:30 a.m., noon, or end of day the next business day depending on destination (noon or 1:30 p.m. on Saturdays).

Use the [Quick Cost Calculator](#) to determine shipping rates, service availability, and delivery time commitments for UPS Next Day Air.

Next-day service coupled with up-to-the-minute tracking information makes UPS the right choice for all your overnight shipments.

Ready to ship? You can:

- ▮ Use [UPS Internet Shipping](#) to prepare your shipping label
- ▮ Select this service through your [UPS OnLine Solutions](#) shipping system
- ▮ Complete a [UPS Next Day Air Air Shipping Document](#)

The following options may be selected in conjunction with UPS Next Day Air delivery service:

<a href="#">C.O.D.</a>	<a href="#">Saturday Delivery</a>
<a href="#">Delivery Confirmation/P.O.D.</a>	<a href="#">Saturday Pickup</a>
<a href="#">Hazardous Materials</a>	<a href="#">Return Services</a>
<a href="#">Hold for Pickup</a>	<a href="#">Ship Notification</a>
<a href="#">Insured Value</a>	

[UPS Hundredweight](#) service is available.

For customer service call 1-800-PICK-UPS (1-800-742-5877).

### Terms and Conditions of Service

\*Use the Quick Cost Calculator for guarantee details, service availability, and delivery time commitments.
